

BUSINESS MANAGEMENT

1. PREAMBLE

The course in Business Management at the senior school level embraces principles and activities in the core functional areas of business management. It also covers legal environment of business, information technology, globalization, economic integration and entrepreneurship.

2. AIMS

The examination therefore intends to test candidates'

- (i) understanding and appreciation of the basic concepts, principles and practices of business management;
- (ii) understanding of the role of business management in an economy;
- (iii) ability to relate the concepts and principles of business management to practical business situations.
- (iv) ability to pursue further studies in business management.

3. SCHEME OF EXAMINATION

There will be two papers, Paper 1 and Paper 2; both of which will constitute a composite paper and will be taken at a sitting.

PAPER: 1 This will consist of fifty compulsory multiple-choice objective questions which will cover the entire syllabus and will carry 30 marks. It will last 1 hour.

PAPER: 2 It will consist of a compulsory case study question and seven other essay questions, out of which candidates will be expected to answer any three. The case study will range between 200 and 250 words and will carry 25 marks, while the other questions will carry equal marks of 15 each. The paper will therefore carry a total of 70 marks.

4. **DETAILED SYLLABUS**
